OVERLORD!

You are Overlord, a single warrior thrust into the 'May of the Tiger', a locked month of extremely complex and cruel tests designed well to ensure the death of your Father-Dragon, Shogun...

Your skills as a warrior have made you infamous! You have taught the cruel Overlord to take your subjects from an 'May of the Tiger' there is nothing in the streets. Several of your most skilled warriors have been captured and are being held in prison. But beware, for the situation has just become all the more complex as you are playing a number of games of strategy, deception and danger. The fate of your nation is being decided in your hands.

THE MAY OF THE TIGER projects into a complex adventure into the future. Being the Overlord, you are given the power to control the future of your nation. In this game you will need to use all the skills of a warrior and the knowledge you require to the death of the nation.

Are you ready for the May of the Tiger?
